Training and Placement Cell of **Dr. S. & S. Ghandhy Government Engineering College, Surat** jointly organized a webinar with **ISTE Students' Chapter** on **"How to Crack UPSC in first attempt"** on 10.02.2021 by **Mr. Jaspal Singh, Ex IES & Ex Scientist.**

He interacted with the students in a very approachable and a friendly manner. He started his talk with the basic information of ESE.

The first important point in his talk was the material for this examination, students have to choose that kind of material which cover whole syllabus smartly and study smartly. Short notes plays a very important role in any exam, at the time of exam short notes are very useful. Take test series as much as you can, because this practice will give you the strategy for the exam situation. He discussed about three phases of exam namely Preliminary, Mains, & Personal interview. He added during exam time we have to choose that questions which can be complete in less time so time management is the key for this exam. In last he cleared doubts of many students related exam preparation and gave very in-depth information.
